

Hao Shiming
Né en 1977

Diplômé en 2000 de l'Académie des Beaux-Arts de Tianjin, Hao Shiming perfectionne sa technique au fil des années et, au fur et à mesure, évacue tout aspect figuratif de son travail. Il laisse place à un geste plus libre, développe une répétition gestuelle, jusqu'à saturer différents supports de caractères. A travers la calligraphie, Hao Shiming nous dévoile son œuvre sensible à la réflexion et philosophie chinoises.
